Eliminate Wasted Opportunities Annual Summer Course

28th to 29th June 2014 (10am to 4pm)

Dr. Challoners High School (main Gym)

Cokes Lane, Little Chalfont, Buckinghamshire HP7 9QB

within 10 minutes M25 (J18) and Metropolitan Line Underground (Chalfont & Latimer)

Now in its fourth year, this course has established itself on the calendar for those who wish to improve their contest skills. Featuring high grade coaches with a proven contest background, the emphasis will be on the techniques and styles of leading Judo nations and champions, particularly the French, Russian and Korean. You are guaranteed to make rapid progress or your money back!

Do you find in contests that you are losing out because you are unable to get a grip? Your opponent has what he wants and you are struggling to find a way in?

Does your opponent read your intentions a mile off and leaves you running out of ideas?

Do you find that your counter techniques are not working, are too slow, lack impetus?

Do you find that your transition to groundwork is too slow, that you struggle to know what to do with an opponent flat on their face and determined to stay that way until Matte is called?

Do you find that when you are caught in a hold, that you can't get out, don't know what to do and just wish the bell would go quickly to get it all over?

All this and a whole lot more we intend to address in one intensive weekend aimed at improving your contest skills. You will gain (and your students) the tools to take back to your club, to practice, hone to perfection and then unleash at the next competition to change your game to a new level and obtain the Ippon that you are seeking.

This is the course that four years on the trot, has made a difference to the performance of those that attend and keeps them coming back for more.

All Judoka attending this course MUST bring their BJC/BJA license with them - no exceptions!

This course has, for the last few years been a great success and we have every expectation that this year it will be more so.

"This years Chalfont Course (2013) provided all levels of Judoka with an opportunity to challenge and develop oneself. The coaches (Sensai Andjelkovich and Rose) were outstanding and were ably supported by the club Dan grades. The opportunities to intensely examine several key techniques and get personal tuition from international champions was amazing. This course should be recommended for all levels of Judoka whether they be recreational or competition focussed. We can't wait until next year!"
